

OUR ENVIRONMENTAL COMMITMENT

Schreiber Foods seeks to establish and sustain a positive environmental legacy for our company, our partners, our communities, our earth and future generations. Schreiber is committed to the prevention of pollution, the protection of the environment and the reduction of the global environmental impact of our business.

This policy forms the basis for the development and implementation of our environmental management system. We are committed to:

- Promoting recycling and reuse initiatives that reduce landfill waste
- Implementing smarter energy uses at our facilities
- Measuring and reducing greenhouse gas emissions from our operations
- Sustainable sourcing of our ingredients, raw materials and packaging
- Implementing water source reduction and reuse strategies that lower water consumption in our operations
- Meeting or exceeding all environmental compliance obligations
- Engaging and inspiring our partners in their roles regarding our environmental stewardship objectives
- Reducing the overall packaging waste from the food we provide
- The continual improvement of our environmental management system to enhance our environmental performance
- Working collaboratively with our suppliers and customers to enhance sustainability performance
